All participants are **strongly encouraged** to bring the applicable NFPA standard with you to class. The courses will focus heavily on the standards and will reference numerous NFPA figures and tables. Images from the NFPA standards may not be made available to you by the instructor or in class materials. It is critical to bring the standard with you to class to refer to as the instructor leads. You can access the standard for free online at [NFPA.org/freeaccess](http://NFPA.org/freeaccess).

### **NFPA 25 Step-by-Step Inspections and Tests (2017 Ed.)**

This half-day seminar provides a comprehensive look at the need for having defined procedures when conducting periodic inspections and tests per NFPA 25. Attendees review steps for preplanning inspections and tests to ensure that work is performed thoroughly and efficiently. Using the NFPA 25 Handbook as a guide, the session reviews procedures for inspecting sprinkler system components along with procedures for many common tests performed by inspectors. The session is designed to be interactive with attendees having the opportunity to discuss the various options for the complete and efficient inspection and testing of sprinkler and related systems. This seminar will benefit inspectors, contractors, AHJs, and property owners.

Upon completion of this seminar, attendees should be able to:

- Identify the essential components of an efficient inspection and testing program
- Describe how to effectively preplan for inspections and tests
- Explain how to determine the scope, schedule, and equipment needs for inspection and testing activities
- Locate and apply procedures for performing inspection and conducting operational tests of water-based fire protection systems.

**Required materials:** NFPA 25 (2017 Ed.); NFPA 25 Handbook is also encouraged.

### **NFPA 25 Stakeholder Roles and Responsibilities**

This half-day seminar reviews the roles and responsibilities of the property owner, AHJ, and service provider as spelled out in NFPA 25. A detailed review of the property owner's responsibilities as outlined in Chapter 4 are provided along with the required interaction of the AHJ and service provider. The seminar concludes by examining the needed characteristics of today's inspector along with their duties. This seminar benefits property owners, AHJs, contractors, and individual inspectors.

Upon completion of this seminar, attendees should be able to:

- Define and describe the stakeholders referenced in NFPA 25
- Locate and explain the roles and responsibilities for each stakeholder
- Explain the characteristics and duties of the individual inspector
- Identify the ways in which stakeholders interact to ensure the mission and purpose of NFPA 25 is delivered.

**Required materials:** NFPA 25 (2017 Ed.)

### **Instructor: Russ Leavitt, CFPS, SET**

Russ Leavitt is the Executive Chairman of Telgian Corporation. A graduate of the University of Nevada, Las Vegas, Russ holds a Level IV certification from NICET in Water-Based Systems Layout, and is a Certified Fire Protection Specialist. He is a licensed contractor with over 39 years of experience in the design, installation, and testing of fire protection systems. Russ currently serves on the NFPA Board of Directors, and as chair of the Technical Committee on Sprinkler System Discharge Criteria. He also sits on a number of other NFPA Technical Committees including NFPA 13 Installation Technical Committee and NFPA 25. Russ is a long-time senior instructor for AFSA and has authored a number of articles and training materials, including AFSA's ITM Inspector Development Program and the online hydraulic calculations series.

### **DIRECTIONS**

Directions to the Louisiana State Fire Marshal's Office can be printed from the website at the link below:

<http://sfm.dps.louisiana.gov/doc/memos/memo-driving-directions.pdf>

### **\*NICET**

To find out if you can claim NICET CPD points for these courses, please review Section II.B of NICET's Recertification Policy: <http://www.nicet.org/about-us/policies/policy30/>

### **CANCELTION POLICY**

All cancelations must be made in writing on or before January 28, 2020 in order to receive a refund. **Cancelations after January 28, 2020 are not eligible for a refund.** You can submit your request to Maricarmen Martinez via email [mmartinez@firesprinkler.org](mailto:mmartinez@firesprinkler.org).
