Louisiana Fire Sprinkler Association

Louisiana Chapter of AFSA, Inc.

All participants are **strongly encouraged** to bring the applicable standard with you to class. The courses will reference numerous NFPA figures and tables. Images from the NFPA standards will rarely be made available to you by the instructor or in class materials. It is critical to bring the standard with you to class to refer to as the instructor leads.

Tuesday, April 24

Hilton Baton Rouge Capitol Center in Baton Rouge, LA

NFPA 25 (2017 Edition)

This seminar provides a review of the major revisions to the 2017 edition of NFPA 25. The significant changes from the 2014 edition will be highlighted along with reasons for the revisions. Attendees will participate in an in-depth discussion regarding the reformatting of the chapter summary tables along with the incorporation of inspection and testing scopes into the text of the standard and the relocation of common components such as gauges and supervisory devices to Chapter 13. Some of the significant revisions include the addition of annexes regarding tagging programs and data connectivity. New requirements regarding automated testing are covered along with changes to inspection frequencies for some system components. The 2017 edition also contains new ITM requirements for air compressors and the reporting requirements for fire pump testing. Upon completion, attendees should be able to:

1. Explain how the standard has been reorganized and reformatted;
2. Identify and locate the significant revisions to the standard;
3. Locate and apply the new requirements for air compressors and reporting of fire pump testing;
4. Locate and explain the new requirements for automated testing.

Required materials: *NFPA 25 (2017 Edition) standard.*

4 Credit/Contact Hours: 4.0 CPDs (NICET); 0.4 CEUs.

Instructor: Bob Caputo, CFPS, CET

Bob Caputo, CFPS, CET, Vice President of Training and Technical Services of Fire & Life Safety America. Bob is a member of multiple NFPA technical committees including NFPA 13 and NFPA 25. As a senior member of the NFPA and AFSA Faculties, Bob has presented seminars in most US States and in 14 countries. He is a regular speaker at the annual NFPA and AFSA conventions. He is a contributor to the NFPA 13 and NFPA 25 Handbooks. Bob attended the University of Albuquerque, NM and is a US Navy veteran and former volunteer Fire Fighter. In 1994, Bob was named Fire Prevention Officer of the Year in San Diego County, California and was the Fire Protection Contractor Magazine "Man of the Year" in 1997. The American Fire Sprinkler Association selected Bob for the "Henry S. Parmelee" award in 2017.

ELIGIBILITY REQUIREMENTS

MEMBER

Full membership is open only to installing contractors of fire sprinkler companies, licensed in Louisiana to design and install automatic fire sprinkler systems who are members of the AFSA. Members shall have full voting rights, may hold offices in the LFSA and shall be eligible for appointment to Standing Committees of the LFSA.

ASSOCIATE MEMBER

Suppliers/Design Firms to the fire sprinkler industry in Louisiana are eligible for membership in this category. Associate Members may not vote at meetings, and are not eligible for election as officers. Associate Members are eligible for appointment to Standing Committees.

STATEMENT BY APPLICANT

I Attest to the accuracy of the information in this application and the fact that I am

☐ A CERTIFIED INSTALLING CONTRACTOR OF FIRE SPRINKLER SYSTEMS

STATE LICENSE # _____

☐ SUPPLIER/DESIGN FIRMS TO THE FIRE SPRINKLER INDUSTRY

If approved for membership, I will do all in my power to maintain and enhance the prestige of the sprinkler industry, and promote the Goals of the LFSA.

GOALS OF THE LFSA

- ▶ Promote the installation of automatic sprinkler systems throughout Louisiana to save lives and protect property.
- ▶ Be involved in the production and enforcement of building codes that affect our industry.
- ▶ Actively seek to influence and promote the enactment of appropriate fire protection bills in the state legislature.
- ▶ Solicit the support and participation as a member, or associate member, of each and every qualified company involved in the sprinkler industry in Louisiana
- ▶ Keep abreast of all changes, innovations, and new techniques necessary to perpetuate the quality of automatic fire sprinklers.
- ▶ Be acutely conscious of the needs of employees to insure an ongoing supply of qualified and dedicated manpower.
